Aircraft Cabin Air Conference proceedings: 2017, 2019 & 2021

The GCAQE would like to publicly thank Professor Dieter Scholz and his students at Hamburg University of Applied Sciences for their very significant effort in preparing and uploading the 2017, 2019 and 2021 aircraft cabin air conference proceedings (presentations, abstracts, short papers, papers) in the **official European database "Zenodo"**:

<https://zenodo.org/communities/aircraftcabinair>

Search in the box under "Recent uploads" by name, title or keyword (or just scroll down).

Professor Scholz and his team have also undertaken a lot of work to ensure the papers and proceedings are listed in various other databases that can be searched globally. E.g.

Google Scholar (Google's academic search engine):

2021, 2019: [https://scholar.google.com/scholar?as_q=&as_epq="International+Aircraft+Cabin+Air+Conference:+Conference+Proceedings"](https://scholar.google.com/scholar?as_q=&as_epq=)

... and much more as can be seen on "Zenodo" on the right hand margin.

If you are referring to a presentation or paper at "Zenodo", at best use the professional DOI, e.g.:
